GreenStreet Advantage

Smart Capital

In addition to providing capital, the **GreenStreet** team encompasses a group of successful investors, managers and executives with a diverse range of experiences from a variety of industries and functions.

Long-term Horizon

The **GreenStreet** team is committed to ensuring that the Chronus grows and becomes the leader in its industry. The team will take a long-term outlook to growing the business by focusing on customer satisfaction, employee development and new growth opportunities.

Customized Process

By focusing on Chronus, we will be able to take a focused approach to cater directly to growing Chronus over the long-run.

Seena Mortazavi
Managing Director
✉ info@greenstreetgm.com
☎ 971-319-1120

Seena is the Managing Director of **GreenStreet** and spent most of his career working with financial institutions providing capital to small businesses. He worked directly with CEOs and small business owners to design, launch and grow various financial products across a network of microfinance institutions. Seena was also responsible for managing special projects that included opening new branches, implementing complex IT Systems and leading senior level staff. Prior to working in microfinance, Seena was a consultant with Accenture, a management consulting and technology service company. His role included helping implement complex IT systems, providing high-level strategic support to the management team and improving efficiency in reporting key performance indicators to the project lead. Seena holds an MBA From the Wharton School of Business, a Masters in Economics from the University of Toronto and graduated with the top award in his program from the University of Western Ontario where he majored in Economics and Computer Science. The **GreenStreet** team includes a team of investors and executives with extensive experience in investing and operating small and medium sized businesses.
